### **Program:**

#### ✦ ***Cyndi's List in Practice***

Sometimes overwhelming to beginners and sometimes underused by veterans, Cyndi's List is a research tool that is robust with resources helpful in everyone's research. Using specific examples for beginners, as well as more advanced researchers, we will explore the site and point out how to make the most of the categories and the links found within.

Snacks and Door Prizes during break

#### ✦ ***Mastering Digital Filing for Genealogists***

Every genealogist feels that digital filing is out of their control. It can be an overwhelming process to keep track of all of the documents, images, and files that end up on our computers and devices. How do we even start to tackle this virtual pile of filing? What tools and processes will work best for you? We will discuss all of this and how to maintain digital filing as we research.
